

6TH MARCH 2014

13:00 Registration of participants - welcome coffee

13:40

DISCUSSION LEADER

Paolo Spinelli, *Editor*

PLAST magazine - DBInformation

13:50

Keynote address

Luciano Anceschi

President

EUROMAP

14:00

SMART PACKAGING: NEWLY DEVELOPED MASTERBATCH ADDITIVES FOR COEXTRUDED POLYOLEFIN FILMS

- Protecting the organoleptic characteristics of food

- Curbing the proliferation of bacteria
- Extending the life of packaging content

Marco Andreotti, *Consultant*

FRILVAM

14:20

RETHINKING TECHNOLOGY: MEGATRENDS AND THEIR IMPACT ON MULTI-LAYER FILMS

Eugen Friedel, *Area Sales Director*

REIFENHÄUSER KIEFEL EXTRUSION

14:40

MAXIMISING CONTROL IN THE PRODUCTION PROCESS OF THERMOPLASTIC FILM

- The importance of a truthful and reliable measurement of thickness

- Current thickness measuring technologies
- New-generation thickness gauges based on medium-frequency IR molecular spectrometry – Operation principles, advantages of the IR technology in the measurement of multi and micro layer barrier films
- High performance rings with automatic point-to-point adjustment: technology, engineering features and performance

Deponte Edoardo, *C.E.O. and R&D Products*

CONTREX

15:00

SEI LASER TECHNOLOGY ADDING VALUE TO YOUR FILM

- Digital converting of plastic film using laser technology
- From analogue process to digital converting: limits and advantages
- Laser applications for flexible packaging
- WD (web direction) laser converting and CW (cross web) applications

Marco Capoferri, *Product Manager*

SEI LASER

15:20 Coffee Break

16:00

W&H EXTRUSION TECHNOLOGY - INCREASING SUSTAINABILITY AND PROFITS

- General overview
- A generation change in blown film extrusion
- A word on sustainability
- New benchmarks for cast film extrusion

Enrico Vogogna, *Managing Director (since 1997)*

WINDMÖLLER & HÖLSCHER ITALIANA – (W&H Group)

16:20

FOOD FILMS APPLICATIONS WITH CO-POLYAMIDES AND TER-POLYAMIDES

- UBE NYLON for the food packaging
- Flexible packaging solutions with UBE NYLON
- Why co-extrusion with UBE NYLON?
- Other UBE NYLON films applications

Nicola Bucchioni, *Sales Manager - UBE NYLON Extrusion Group*

UBE ENGINEERING PLASTICS

16:40

NEW FRONTIERS IN BARRIER FILM: FUNCTIONAL, ECO-FRIENDLY AND COST-SAVING PERFORMANCE

Marcello Zorloni, *Sales Manager - B-Pack*

COLINES

17:00

Closing speech:

PACKAGING MATERIALS:

- Food safety and risk assessment
- Tools and methodologies to guarantee the quality of food products

Nunzia Minonne, *Packaging Safety & Compliance Responsible*

NESTLÉ ITALIANA

17:30 End of day one

7TH MARCH 2014

9:15 Registration

9:50

DISCUSSION LEADER

Paolo Spinelli, *Editor*

PLAST magazine - DBInformation

10:00

"POD" FILM COEXTRUSION: A TECHNOLOGY LOOKING TO THE FUTURE

- Functional evolution of structures
- Barrier and non-barrier structures
- Economic drivers
- Technical drivers
- Effects on production equipment

Mauro Andreoli, *Sales & Marketing Director*

MACCHI

10:20

IN-HOUSE RECYCLING MACHINES FOR MULTILAYER FILMS

- NGR in brief
- Recycling of postindustrial multilayer films
- Main sources of impurities within the polymer matrix
- Effects of impurities on the manufacturing process of multilayer films
- Design principles of recycling machines to reduce polymer contamination

Sven Ortner, *Area Sales Manager*

NEXT GENERATION RECYCLING MASCHINEN

10:40

USING A THICKNESS MEASURING SYSTEM - REDUCING REJECTS AND COMPLAINTS. TYPES OF SENSORS, FEATURES AND APPLICATIONS

- Minimising rejects with the use of a gauge

Piergiorgio Mora, *Technical Manager*

ELECTRONIC SYSTEMS

11:00 Coffee Break

11:40

Host speech:

COSTRUZIONI MECCANICHE LUIGI BANDERA

CASE STORY OF AN INNOVATIVE FLEXIBLE FILM PRODUCTION

by:

NOVAMONT and IPT

12:00

ECOSMART: HIGH PERFORMANCE COOLING FOR BLOWN AND CAST FILMS

- The elements ensuring high operation and production performance
- Industrial applications and the selection of the right cooling solution
- Thermal loads, operative capacity and the management of partial loads
- Saving energy while increasing production; case studies

Giorgio Santella, *Chief Marketing Officer*

PIOVAN

12:20

FIRST CLASS COMPONENTS FOR ADVANCED PACKAGING FILMS

Daniele Moda, *Owner of*

GUPA - MAILAND (ON BEHALF OF NORDSON POLYMER PROCESSING SYSTEMS)

12:40

EXCEED™ 1012 mVLDPE: VALUE-ADDED RESIN FOR OUTSTANDING SEALING

Anne-Marie Joly, *Polyolefins Technical Support - Italy*

EXXONMOBIL PETROLEUM & CHEMICAL

13:00 Lunch

14:00

INNOVATIVE THERMOPLASTIC FUNCTIONAL MASTERBATCHES TO IMPROVE THE PERFORMANCE OF MULTILAYER FILMS – 2.0

- Polybatch® Technology for Antifog Agents
- Polybatch® Technology for UV Stabilizers & UV Barrier
- New Development: Papermatch® & Dul® = Synthetic Paper

Livio Buongiorno, *Labs & Technical Manager Italy*

A. SCHULMAN PLASTICS

14:20

BOOST IN RECYCLING EFFICIENCY – INTAREMA® TVEplus® FEATURING NEW COUNTER CURRENT TECHNOLOGY

- Plastic recycling systems
- EREMA global player
- Innovation and technological leadership
- The new INTAREMA Counter Current technology
- Field of application

Marco Zimmer, *CEO*

PROCHEMA (agency for EREMA GmbH)

14:40

Speech to be defined

15:00

REFRIGERATION AND TEMPERATURE CONTROL IN FILM EXTRUSION

Increasing productivity, quality, energy saving, precision and temperature consistency: from IBC cooling to chill-roll temperature control

- State-of-the-art systems for **air refrigeration** performance in all **climate zones** around the globe
- Energy saving with new water cooling technology for medium and high power installations
- Precision temperature control for Torque/temperature-controlled drives
- Customised and high energy efficiency pump systems

Alessandro Grassi, *Managing Director*

FRIGOSYSTEM

15:20

FOOD GRADE WITHOUT COMPROMISE - 100% CONSUMER SAFETY AND HIGHEST FLEXIBILITY IN PET SHEET PRODUCTION

Christoph Danereder, *Head of Sales - VISCOTEC DIVISION*

Lisa Straub, *Food Safety Consultant - VISCOTEC DIVISION*

STARLINGER & CO. GESELLSCHAFT

15:40

THE EXPERIENCE OF ILLYCAFFÈ IN FLEXIBLE PACKAGING

- Past experiences
- Current challenges

Oriana Savonitti

ILLYCAFFÈ

16:10 End of Conference

Italian-English-Italian simultaneous translation service

Organizing Segretariat
